Jackdaw Dinstock

an introduction to our services

Jackdaw Dinstock

Industrial Tool & Fastener Specialists

Welcome to the Jackdaw Dinstock Tool & Fastener Group - the combined industrial tooling and fastener specialists. Jackdaw is one of the largest independent tool distributors in the UK, and our sister company, Dinstock, is one of the largest manufacturers of industrial fasteners and fixings.

With an unrivalled and extensive range of products, numbering in excess of 40,000 lines, we are confident that we can meet all your requirements; hand tools, precision measuring equipment, abrasives, adhesives, oils & lubricants, janitorial, and protective clothing, are just a few to mention.

quality assured company

commitment to quality

Jackdaw Tools is a Quality Assured company, and is registered by B.S.I to BS EN ISO:9001-2000. Our commitment to quality, whether it be on the product or on our service is paramount, delivering on time and at a competitive price - every time! Other parts of the group work to the same demanding standards with the same commitment to continuous improvement.

This underlines our commitment to provide the highest levels of service required by today's industry.

more than just an engineers' merchant

total solutions

Take the headache away from tool buying....

We believe the job of buying industrial products should be as hassle-free as possible. Whether you ordering direct from our catalogues or from one of our stores, we've made it as easy as possible.

allowing us greater flexibility to provide bespoke solutions where necessary

power tool service centre

don't throw it away....
we can fix it!

for repairs on all of your
tools, let our qualified
engineers solve the problem!

Our Power Tool Repair & Service Centre is a fully authorised repair shop that services every brand we sell, plus virtually any other brand of power tool.

We can provide you with a variety of repair services ranging from the simple, like a replacement battery for a cordless tool, to the more complex, like a major rebuild. Our technician is factory certified to service AEG, Atlas Copco, Black & Decker, Bosch, DeWalt, Draper, Elu, Hitachi, Makita, and Metabo portable power tools. We are also able to service ATA, Chicago Pneumatic, Desoutter, and Dotco air tools.

special fasteners

keeping the world from falling apart

Our sister company Dinstock, is a specialist manufacturer and distributor of structural fasteners, but can also cater for all types of engineering fasteners and fixings.

In-house Manufacturing

With in-house facilities capable of manufacturing the entire assortment of styles and grades up to 100mm diameters, the Jackdaw Dinstock group can offer an unrivalled range of fasteners and tools.

Suitability: The company services a variety of markets including the construction, civil engineering, metalworking, automotive and many others sectors.

Flexibility: Special fasteners, manufactured to customer drawings, are produced routinely and efficiently, and all with competitive pricing.

Reliability: The Group strives to achieve the highest standards of quality, reliability and customer service.

The result; a synergy providing a diverse and competitive product range including nuts, bolts, screws, studs, threaded rods, pins, construction accessories, washers and custom forgings.

in-house cutter grinding service

prompt, reliable and flexible

Do you have a cutting tool problem?

If the answer is Yes?, then we will offer the solution! Jackdaw Tools, also has a dedicated in-house tool & cutter regrinding facility of the highest standard - equipped with CNC machines, we are able to offer rapid turn round for regrinds, modifications to existing tooling, or specials to order. For all your high speed and carbide tooling, make Jackdaw Tools and Dinstock your first call - we are the cutting tool specialists.

Reconditioning High Speed Steel and Solid Carbide Cutting Tools

- Drills (conventional, helical, split point)
- Conventional Slot Drills & End Mills
- Rippa Cutters
- HSS Side and Face Cutters
- HSS Face Mills & Deadlocks
- Reamers, Counterbores & Countersinks

New Tool Design or Modification

- Specialised Drills, End Mills and Form Tools
- General Surface Grinding

Whether it's a large order or just a single tool, Jackdaw Tools has the flexibility to turn your job around in days - even hours, if needed.

single source specialists

everything you need

Long established company

Jackdaw Tools and Dinstock, have been in business since 1964 - which means this year, marks our 40th anniversary. That's over four decades of experience supplying the Midlands and UK markets with quality tools and fasteners.

Good accessible locations.... with all services

Located in Willenhall & Telford, our warehouse and showrooms are on the edge of the M6 and M54 motorways, being perfectly placed for rapid transit throughout the UK.

Extensive product range and large stock profile

We currently keep a stock inventory of around £1.5mil.

Member of Europe's largest buying group

Able to call upon other members for support.

Product search

There is no need to spend hours on the phone sourcing the tools and fasteners you need, we can supply almost any product in the industrial market place. Just tell us what you need and we'll track it down for you.

Most up-to-date computer system

Fully computerised warehousing & stock control system.

member of europe's largest buying group

diverse product range

a member of
th|s tools group

Jackdaw Tools is a member of the THS Tools Group, Europe's largest buying group for independent dealers and distributors of engineers' products. A £200 million turnover business, it continues to flourish, with the addition of world-leading Suppliers to its portfolio.

THS: taking the lion's share to the independents...

The THS Tools Group enables independent dealers to offer the lion's share of engineers' and related tools and consumables to their customers. This means THS Members can cover a diversity of industries and trades; as well as meeting local requirements.

The THS Tools Group is owned by its Membership. The Membership is made up of independent autonomous engineering and trade dealers who are able to provide end-users with the widest choice of engineering and related products for manufacturing, construction, fabrication, electrical, general engineering and all factory and on-site environments.

The benefits of Membership to THS

All Members are privately owned and run by their own directors. However, as Members of THS, we are part of a much bigger organisation with bigger resources; so we are able to provide our customers with a more diverse product range at very competitive prices. Plus, customers get the service and expertise they count on from a local, independent supplier with the assured commitment you get from owner and director involvement in the business.

For the very latest updates on our hottest deals look at our website. There's a brief history of our company, facility to search our database of frequently asked questions, up-to-the-minute savings, plus of course, new products.

Tools of the Month

The right-hand column of the home page lists our tools of the month. Simply select the product that interests you and you can view details or purchase online.

why not **visit** our store?

custom built showrooms
allowing you to view products
before you purchase

If you prefer the personal touch then please do not hesitate to call in to one of our showrooms where our friendly sales staff will be only too pleased to help you with your requirements. Any goods available from stock can be collected from any depot location.

Delivery Service

If the goods you order are stocked items, your order will be processed and delivered within 24-48 hours. Express deliveries can be arranged and additional charges passed on at cost. We will provide the lead-time for made-to-order products at the time of placing the order. We endeavour to despatch your goods on the same day that we receive your order, but if you need them any earlier then please specify this and we will try our best to meet your requirements.

A choice of ways to pay
Non-account holders can pay by Cash, Cheque, Switch, Access, MasterCard and Visa. If you have never purchased from us before and are unsure whether an account is set-up, contact our sales office. New accounts are normally open within 24 hours.
